Airbus A320 Engineer Training Notes | www.kvetinyuelisky

A set of notes covering technical details of the airbus. These notes mainly reflect the CBT from CAE, but are also include more detailed stuff from the FCOM where appropriate. Like the CBT, they are very generic and thus a good place to get started on the technical side of things, but they cannot hope to accurately cover the almost infinitely variable modification levels found in the A320 family.
