This is book two of the Genesis Fleet Series. It is a prequel to the Lost Fleet Series. Campbell is a master storyteller. The book is well written and has the most interesting characters. The book contains lots of action and a great space battle. I have become a big fan of Campbell and cannot wait for his next book. The book is ten hours.

Ascendant is the second book in a new series that is off to a great start. Campbell's past series were also enjoyable quality reads. If reading is your pass time and sci fi your guilty pleasure, you can't go wrong here. Take my advice and start with the "Lost Fleet" series first, it will make Ascendant even more enjoyable when you get here.

~~The Lost Fleet Series by Jack
Campbell - Goodreads~~

The Book of Genesis begins with two contradictory creation accounts (1:1-2:3 and 2:4-3:24). In the first, God created humans (male and female) after he finished making all of the other animals. In the second, God made one man ("Adam") and then created all of the animals in order to find a helpmeet for Adam.
