Rights Watch

Methods of Human Rights Research. In human rights research little attention tends to be devoted to questions of methodology. This book fills this gap. It identifies criteria to qualify a piece of human rights research as a methodologically sound piece of work. It is essential reading for any human rights scholar wishing to critically reflect on the quality of his methods of work.

Methods of Human Rights Research - Intersentia

A Basic Approach to Human Rights Research. Since the 1960s and the origins of the modern human rights movement, human rights organizations have produced their own research. In-depth and well-documented reports, replete with testimonial evidence and

Research Methods in Human Rights : A Handbook, Hardcover ...

The guidebook is a primer on methods used in human rights research. It is not intended as a substitute for instructional books on research design and methodology. Rather, it offers a cursory overview of various methods as a point of embarkation and cultivation of student interest in researching human rights problems.
