The impassioned performances by two justices—Black in 1952, Thomas in 2006—open a window onto the Supreme Court. In many respects, the similarities between Black and Thomas are striking. Both were appointed young to the Court by a president who relished the opportunity to put a stick in the eye of his congressional opponents.

Rosen then examines the Warren Court era through the lens of the liberal icons Hugo Black and William O. Douglas, for whom personality loomed larger than ideology. He concludes with a pairing from our own era, the conservatives William H. Rehnquist and Antonin Scalia, only one of whom was able to build majorities in support of his views.
